Before permission to enroll can be granted, state of Connecticut General Statutes (C.G.S.A. Sec. 10a-155) require each full-time or matriculating student born after December 31, 1956, to provide proof of adequate immunization against Measles, Mumps, and Rubella. Those students who were born after January 1, 1980 are also required to provide proof of immunization against Varicella (Chickenpox).

This section is to be completed by the student

I, the above named individual, am exempt from the immunization requirement as I was born before January 1, 1980 and thus do not need to provide documentation regarding varicella immunization.
